The country is dependent on agriculture, but it is gradually transforming its industrial structure. The major industrial sectors are Textile, Chemical, Pharmaceuticals, Leather, Agro products, Ceramics, Frozen foods, Plastics, etc. Bangladesh is known for unlimited natural beauty, like the longest sea beach in Cox's Bazaar, the largest mangrove forest & the Royal Bengal Tiger in the Sundarbans. Also, you can see the ancient archaeological sites. So, it is a place where you can do both business and take a relaxing vacation to enjoy the natural wonders.

OUR GLOBAL PRESENCE

QUALITY NEVER ENDS

We believe in quality rather than quantity. To do so, we always focus on the most advanced technology, high graded raw materials and regular testing facilities with skilled researchers in the factory premises, and that is our habit.

Already we have achieved several international certifications regarding quality and compliance, like ISO 9001:2015, ISO 14,000 QMS EMS.

GO GREEN

We are very much conscious about our lovely nature. That's why we protect our environment through 'GO GREEN' policies; these policies helped us to establish the following -

☀️ Effluent Treatment Plant (ETP) ☀️ Recycling Plant ☀️ Tree Plantation ☀️ Renewable Energy
